To whom this may concern,

This letter serves to provide reference for Nebojsa Mijatovic. I had the pleasure of working with Britza (his working name), during the summer of 2005 at The Suburban Club in Baltimore, Maryland. He served as the Pool Manager for our pool management company, Continental Pools, Inc.

It was evident immediately that Britza was very dedicated and professional in his approach to managing our pool. From the moment Britza began working at Suburban the quality of maintenance of the pool water and surrounding area increased dramatically over previous years. Additionally, the level of safety exhibited by the pool staff under Britza's direction was superb.

A private club can be very demanding in that expectations exist not only that a pool manager be able to provide a wonderful swim environment but that he also have the ability to be an ambassador for the club around the pool area. Britza has the ability to make people feel welcome and comfortable. In his time working with me, he was able to communicate easily with both members and employees.

I was very pleased to have the opportunity to work with Britza and am honored to offer this reference for him. It would be my hope that he returns to The Suburban Club in 2006 to again lead the pool program. His skills and attitude made him a success at our pool this year.

Sincerely,

Daniel A. Taylor, CCM
