Dear Nick,

On behalf of the Kingston YMCA, please accept and convey sincere thanks and appreciation to your Technical Team for service rendered within our Aquatic Programme for replacements/repairs carried out (cost free) to our pump system.

Your assistance was brought to the attention of the Kingston YMCA Executive at its meeting held on the 11th inst., and your report submitted. They were extremely grateful for the tremendous contribution made by you and your team. We could not have done it.

Support from individuals/organizations plays a significant role in our existence which is important to our young people who benefit tremendously from programmes we make available. We are extremely grateful for this. It is our pledge to continue serving.

May God continue to bless you and your efforts.

Sincerely yours,
THE KINGSTON YMCA

Sarah Newland-Martin, O.D., J.P. (Mrs.)
